Pics of some of our popular dishes

Below every pic, there should be option, “add to cart ” along with details like “ETD”, overall rating of that chef, average cost for 2 people and applicable delivery fee

By pressing the image of the certain food, it should redirect the customer to the homepage of the homechef and display all other dishes that he/she makes, overall rating, subscription plans on offer, contact details and also to order the different food items

By clicking
order now

- Show the items in the cart and final amount'
- Add any special remarks to the food prepared
- Choose your delivery address
- Add a new delivery address
- Tickbox : Don't ring the bell
